## Disaster Relief Team Ministers to Storm Victims

The NCBA Disaster Relief team has had the opportunity to minister in our area, across the state, and the country in the wake of several storms.

From Chainsaw work cleaning up downed trees and branches, to Mud-out crews helping clean out homes affected by Hurricane Ida and even some rebuild assistance for a church.

Check out the Disaster relief page on the NCBA website for more photos.

### ***DOM's Deliberations***

WHAT ARE YOU AIMING AT?

The surest way to hit nothing is to aim at it! There is a lot of truth in that old adage. With the New Year, many people are thinking about New Year's Resolutions and promises to do better on things this year. It is a good thing to occasionally evaluate where you are at and desire to improve things; but to be honest most of our New Year's Resolutions are quickly forgotten, we fall back into the same old routines and nothing changes. So, what am I trying to say? Is it hopeless to try to change?

No not at all! We should do as Paul said in Philippians 3:13b-14, "...forgetting what is behind and straining toward what is ahead, I press on toward the goal to win the prize for which God has called me heavenward in Christ Jesus." What I am saying here is that we need to do that self-evaluation asking God's help in knowing what needs to change, and then intentionally take steps to make those changes. Good intentions are not enough we need intentionality, that is "we need to plan to work and then work the plan." I know, that is another old adage, but it is likewise true. Have you asked God to give you a vision for this year? What vision has God shown you and what steps have you taken to make it a reality? Think about it!

God Bless,

Bill
